

Push-Fit Brass Valves

GripWerks™ valves are the most convenient and easy-to-install valves on the market. No need for tools, solder, flux, glue or torches.

The GripWerks line of plumbing valves offers the widest selection of push-fit valves on the market today.

Just grip, push, werk.

Push-Fit Connections for Use with:

FEATURE

BENEFITS

Quick connection	<ul style="list-style-type: none"> Valves quickly and easily join PEX*, CPVC or copper tubing. Mix and match pipes and GripWerks works flawlessly Note: GripWerks valves are not suitable for use on PEX tubing with an oxygen barrier on the outer layer, or composite PEX-AL-PEX tubing
3-step installation	<ul style="list-style-type: none"> Cut tube, insert into valve, align valve
Easy connection	<ul style="list-style-type: none"> Insert the pipe and GripWerks locks on, creating a leak-free connection in seconds
Solder-free connection	<ul style="list-style-type: none"> No solder, flux, glue, clamps or torches needed
Versatile connection	<ul style="list-style-type: none"> All valves are approved for potable water use including behind-the-wall applications for inline valves
Quality connection	<ul style="list-style-type: none"> All GripWerks valves are quality-engineered and made of heavy-duty forged brass alloy
25-year warranty	<ul style="list-style-type: none"> Full replacement free of charge

REMOVABLE CONNECTION

BALL VALVES – 1/4 TURN – BRASS

	PART NUMBER	SIZE	MASTER CARTON QTY.	CERTIFICATION(S)
